On the whole, the estimates are much more favourable than was at first anticipated, and a sanguine budget speech may be expected from His Excellency, who will probably take this, his last, opportunity of reviewing the finances of the Colony during the period he has administered the Government, and of replying to the

decisions that have been passed upon this financial policy. It must be admitted that he has had to face very exceptional circumstances. When he arrived here, the Colony was suffering from the adverse effects of unhealthy over-speculation. Business was to some extent paralysed and not very prosperous. It had hardly recovered when the terrible epidemic of 1894 again crippled business and entailed enormous expenditures on the Government, and in 1898 the plague recrudescence had to be faced. Fortunately this year the Colony has escaped epidemic disease, it has not been visited by a single typhoid, events transpiring in China have contributed to the welfare of the Colony, local industries are being projected, with every approach of success, and even if the instability of exchange has exercised a bad effect on trade for a great part of the year, it can still be said that Hongkong has been fairly prosperous in 1897, and that the outlook for the future is very encouraging.

**BOWLAND'S MACASSAR OIL.**

Has been known for 100 years as the best preservative and beautifier of the hair. It prevents its falling off or turning gray, strengthens weak hair, and eliminates scurf and dandruff. It is incorporated in a beautiful perfume for the beard and mustaches, to which it imparts a soft and silken appearance. It is indeed sold as the "golden ointment" for hair-damaged children; it is most exquisitely perfumed.

D<sup>I</sup>ARRHŒA, D<sup>Y</sup>SENTERY, C<sup>H</sup>OLERA.

**D**R. J. COLLES BROWN'S CHLORO-DYNE. DR. J. COLLES BROWN (late of the Medical Staff) DISCOVERED a REMEDY, to denote which he coined the word "CHLORO-DYNE." Dr. Brown is the SOLE INVENTOR, and as the composition of Chlorodyne cannot possibly be discovered by Analysis (organic substances defying elimination), and since the formula has never been published, it is evident that any statement to the effect that the compound is identical with Dr. Brown's Chlorodyne is false.

The caution is necessary, as many persons deceive purchasers by false representations.

GENERAL BOARD of HEALTH, London, REPORT that it ACTS as a CHARM, one dose generally being sufficient.

Dr. GIBBON, Army Medical Staff, Calcutta, states: "TWO DOSES COMPLETELY CURED ME OF DIARRHŒA."

**D**R. J. COLLIS BROWN'S CHLORO-DYNE.—Vice-Chancellor Sir W. PAGE WOOD stated publicly in Court that Dr. J. COLLIS BROWN was undoubtedly the INVENTOR of CHLORO-DYNE, that the whole story of the defendant Freeman was deliberately untrue, and he regretted to say it had been sworn to.—See *The Times*, July 18, 1864.
